## 16<sup>th</sup> Annual Summer Workshop Schedule 2009

### ★ Biotech Basics ★

at Santa Clara University  
8:30AM – 4:00PM

- Aug 3 Basic Biotech Science and Techniques**
- Aug 4 DNA Fingerprinting Simulation Lab**
- Aug 5 Bioethics**
- Aug 6 Transformation lab, choice of BioBridge or pGLO**
- Aug 7 Alu PV92 PCR**

#### **This Workshop is for Science Teachers**

- ★ *wanting to implement hands-on biotech labs in their classroom*
- ★ *with various backgrounds and training in biology, molecular biology, biotech*
- ★ *teaching ALL levels of life science or biology classes*

**New to SCCBEP? Please register only if you can attend the entire week.**  
**Current SCCBEPers? You may register for refresher days.**

**Register NOW! Learn new techniques! Upgrade your knowledge!**

Find out how hands-on biotechnology can excite your students while meeting the standards. Be eligible to utilize the SCCBEP mobile kits! Earn professional growth hour certificates and SJSU units.

**Space is limited**

**Acceptance confirmations will be emailed with details.**

- ★ While our workshops are free, you should obtain the commitment of your department chair or principal in supporting implementation of these labs during the academic year. Fees for reagents, supplies, equipment and support are all grant subsidized.
- ★ **Register** by providing the following information via email at <kuokaty@scientist.com> or 408.924.4814.
  - Teacher Name, School Name, School District**
  - Contact info - email address (home & work), home address, phone# (home & work), fax#**
  - Which workshops are you registering for? (New SCCBEP Teachers MUST attend the entire week)**
  - Which transformation lab? BioBridge or pGLO?**
  - What prior experience with biotech have you had?**
  - What classes will you be teaching?**
  - Any dietary restrictions?**

Questions? Please contact Katy Korsmeyer at <kuokaty@scientist.com> or 408.924.4814

*SCCBEP is a SJSU Foundation Sponsored Program supporting science teacher professional development, equipment loans and donations, teacher-driven curriculum development and summer student internships. Funding is from the Genentech Foundation for Biomedical Sciences, Johnson & Johnson and school usage fees. In-kind donations are from Amgen, Applied Biosystems, BABEC, Bio-Link Depot, and LifeScan, We sincerely thank Santa Clara University for hosting our summer workshops.*
